Minutes for KRC Meeting held on 27/08/2026

Attendance

1. Betty-Ryan Makangila
2. Davison Muzumara
3. Musonda Kaputo

Agenda

- Review of the current week
- Setting targets for next week
- Special Notes

Review of the Week

- 5 beds of carrots transplanted so far
- More beds to be transplanted going into next week
- 12 beds made so far in former potato field, which is the new bell pepper field
- Running the genset to fill tanks in the morning worked well to reduce watering breaks.

Targets for Next Week

1. Order more manure for chilli beds and new bell pepper beds - Mummy
2. Continue application of manure in Chilli and Bell pepper beds
3. Buy onion and fill in gaps in the existing beds
4. Make labels for all beds - Davison
5. Complete making of new bell pepper beds in old potato field
6. Apply fertilizer in green beans beds
7. Create and share full chilli Calendar in preparation for planting - Ali and Muzo
8. Transplanting bell peppers

Special Notes

- Selected beds must be watered and aerated/dug up before transplanting begins to reduce time plants spend outside the soil.
- Meeting duration was 25 minutes.
